Maggot Barrier Order Form
Seattle Tree Fruit Society
A Chapter of the Western Cascade Fruit Society

A nonprofit educational organization Tax ID#91-1296566

We offer Maggot Barriers as part of our educational mission to promote and stimulate interest in growing fruit bearing trees, shrubs and vines in urban areas and to disseminate pertinent horticultural information to the public.

Maggot Barriers have proven highly effective in controlling apple maggot infestations in home orchards in the Puget Sound area when used according to the instructions that come on each package. They may also reduce coddling moth damage.

We offer two types: REGULAR for small/medium sized apples and SUPER (heavier thread) for large apples.

To order, please complete the form below. Barriers will be shipped in early spring or may be picked up at one of our monthly meetings. Save \$5 on each package by becoming a member today!

	Quantity (Packages)	Member Price	Nonmember Price		
REGULAR MB's:		\$15/package	\$20/package		
300 per package	_____ X	_____ or	_____	= \$_____	US funds only
SUPER MB's		\$10/package	\$15/package
