Maggot Barrier Order Form

Seattle Tree Fruit Society – A Chapter of the Western Cascade Fruit Society

Visit www.seattletreefruitsociety.com for membership and other information.

We offer Maggot Barriers as part of our educational mission to promote and stimulate interest in growing fruit bearing trees, shrubs and vines in urban areas and to disseminate pertinent horticultural information to the public.

Maggot Barriers have proven highly effective in controlling apple maggot damage in home orchards in the Puget Sound area when used according to the instructions that come with each package. They may also reduce codling moth damage.

We offer two types: **REGULAR** for small/median sized fruit and **SUPER** for larger fruit.

To order, please complete this form. Become a member and save \$5/pk (see website)!
